Standard Tooth Bar

Our bolt-on tooth bar slides over the cutting edge and bolts to the side of your bucket. Easily remove the tooth bar from your bucket by simply removing two bolts. These are built to fit our standard size buckets, however, we can custom build for any size bucket.

- Teeth are spaced 10" center-to-center
- 1" teeth

Heavy-duty Tooth Bar

Our bolt-on tooth bar slides over the cutting edge and bolts to the side of your bucket. Easily remove the tooth bar from your bucket by simply removing two bolts. These are built to fit our standard size buckets, however, we can custom build for any size bucket.

- Teeth are spaced 10" center-to-center
- 1 1/2" teeth

1" Regular-duty Shank and Tooth

The shank is a cast 2A and the tooth is a 2A series cast tooth. This comes with a roll pin and can be pinned or crimped.

- 2A series cast tooth, Part # 8002A-C
- Cast 2A shank with hole, Part # 12L6DW-8-2A-H
- Roll pin, Part # RP-H2A

Shank for 1" Tooth

Tooth can be crimped on or welded on.

- Part # 12L5DW-8-2A

1" Regular-duty Fabricated Tooth

This tooth can be crimped to a shank (such as Part # 12L5DW-8-2A) and no pin is needed.

- Part # 8002A

1 1/2" Heavy-duty Fabricated Tooth

This tooth is used on our Standard Buckets and our Rock Bucket Grapples.

- Part # 8823

Shank and Cutting Tooth – 1 1/2" Heavy-duty

Heavy-duty shank and 1 1/2" cutting tooth. Use this shank and tooth for Rocket Bucket Grapples.

- 1 1/2" heavy-duty tooth - Part # 8823
- Shank - Part # CL-1001-23-1
- Flex pin - Part # RPH23
- Use this shank and tooth for Rocket Bucket Grapples

Shank for 1 1/2" Tooth

Shank for 1 1/2" heavy-duty teeth. Use this shank with standard buckets.

- Shank fits 1 1/2" heavy duty teeth
- Use this shank with root rake grapples and standard buckets
- Part # CL-1001-23-1

1 1/2" Heavy-duty Shank and Cutting Tooth

Use this shank and tooth for Standard Buckets.

- 1 1/2" heavy-duty tooth - Part # 8823
- Shank - Part # CL-1001-23-1
- Flex pin - Part # RPH23
- Shank and tooth can be pinned or welded together

Shank for Standard Tooth Bar

Use with tooth – Part # 8002A.

- Part # TB-8000-2A

Shank and Cutting Tooth for Standard Tooth Bar

- Tooth - Part # 8002A
- Shank - Part # TB-8000-23
- Roll pin - Part # RP-H2A
